\*Supplier details can be found in the Love Buzz Wedding Planning Directory at [lovebuzzweddingplanning.com](http://lovebuzzweddingplanning.com)

*Come and  
work with us*

We are Sasha and Sarah the founders of **RAW**. Join us on a journey celebrating the artists, makers, and creatives who bring the wedding world to life. As friends and business partners, we share a passion for capturing real moments, meaningful connections, and the joy that comes from celebrating love. Through our work, we champion authenticity, creativity, and the unforgettable experiences that make every wedding unique.

### **Sasha**

Sasha's style is simple, natural, and authentic, focused on capturing real connections between real couples. Her photography blends creative fine-art influences with rich, bold tones and a subtly moody edge. With over a decade of wedding photography experience, Sasha brings a deep understanding of how to document each celebration with care, creativity, and professionalism. Her approach is unobtrusive and relaxed—she loves documenting genuine moments as they unfold naturally. Sasha quietly observes, allowing real emotions, connections, and memories to take center stage.

### **Sarah**

Sarah combines creative vision with meticulous planning to bring alternative weddings to life. From developing unique concepts and styling venues to curating like-minded suppliers, she creates celebrations that feel authentic to each couple. Behind the scenes, she manages budgets, sources trusted vendors, and builds detailed timelines to keep everything on track. On the day itself, Sarah takes the lead, overseeing production, coordinating the team, solving any challenges that arise, and ensuring every element comes together exactly as planned so couples can relax and enjoy the experience.
