THE INDUSTRIAL CITY ARCH ALT WEDDING

WHERE BOLD
MEETS BEAUTY

Tucked away in the back streets of the Brixton railway arches, you will find the industrial masterpiece Studio Z. Surrounded by vibrant culture and brutalist buildings, the journey to find this hidden gem is an experience of discovery. Once you reach the Orphans Yard, you will enter the venue via the giant steel doors. The big open space with Victorian brick walls and high ceilings is the blank canvas of dreams for any Alt wedding duo. Here you will find your creative space set against a dark undisturbed archway, itching to be brought to life by your individual wedding vision.

URBAN ALT AT ITS FINEST

THE URBAN RAILWAY ARCH PARTNERS MULTIPLE ALT STYLES AND CONCEPTS

The industrial archway is a great Alt venue option for non-traditional couples who are looking for a fiercely modern aesthetic. Nearlyweds can experiment with their preferred style to create an urban theme that best suits them. The urban railway arch partners multiple wedding styles and concepts. This may include Alt Elegance, Vintage Glam, Industrial Boho and Victorian Goth, the list is endless. Alternatively, there is no need to add additional styling to an urban archway, as these spaces have incredible beauty, showcasing its raw architectural industrial design. This can be a great money saving option.

With the diversity offered from the historical features hidden deep between the brick, steel and wooden design, the wedding photography options for the alternative wedding couple are never ending. Not only inside the venue itself, the external structures and edgy city graffiti railway side streets allows any couple to capture images and memories that feature a timeless, bold and dramatic contrast. An archway can feature as an epic backdrop for any industrial wedding celebration, especially when the golden hour is set beside the city backdrop.

URBAN ARCHWAY: THE BLANK CANVAS

Styling The Urban Archway: to style or not to style, that is the question? It's your wedding, do what you want. It's your opportunity to be creative and add your inspirations to your chosen venue that is offering you a blank canvas to bring your Alt wedding aspirations alive. Explore four experimental style suggestions with Sarah (Love Buzz Wedding Planning) to discover how you can transform the Archway into an Alt Wed Edgy Dream:

- **Option 1:** DO NOTHING, embrace the natural arch geometry for a timeless urban wed theme. Sometimes all you need is just the two of you, dressed in your wedding attire with a grand exposed industrial backdrop. Less is More.
- **Option 2:** Victorian Gothic Arch Wedding - Bring rich romance inside the deep dark space of the arch. Florals of wild asymmetric arrangement, enriched with deep colours of red, black, purples and greens. Velvet drapes hung from the tall industrial beams and ceilings, flickering candelabras spread across tablescapes and lanterns hanging from the internal and external brick walls. Skull accessories and Victorian antique cutlery covering the dark oak tables drenched in black lace and red rose petals.
- **Option 3:** Industrial Boho Chic Arch Wedding - Bring the free spirit of bohemian, lighting up the urban space clashing textured fabrics and natural florals. Utilise earthy tones, displaying wooden and rattan furniture draped in lace and crochet. Tablescapes with linen runners, dried flower arrangements and mini candles spread out to give a deep glow of light. Add a runner to the aisle leading to a backdrop of pampas grass, flowers and feathers.
- **Option 4:** Alt Elegant Punk Arch Wedding - Lighting the industrial brick wall inside the arch with moody green, red and purple lighting will give an instant underground feel. Mixing silk, satins, leather and chain, scattering red and black dried confetti, using old whiskey bottles that feature big red roses, diamond skulls stretched across the tables.

The urban archway is a fantastic alternative wedding venue for couples looking for a blank canvas to create a wedding that suits their individual needs. A number of archway venues will offer you the option to bring in suppliers and vendors of your own choice. This allows you to add your dream caterers, florists, musicians, and decoration, giving you the freedom to design the alternative wedding event you have always wanted.

Sarah's aim is to allow couples to be 'adventurous' and push the boundaries no matter how big or small their 'alternative' looks like. Whatever your vision Sarah will empower you to have the wedding you want.
